## Conference starts in less than 4 weeks

The conference will start less than 4 weeks from now and this is the last conference newsletter. All participants will receive an email with practical information about 1 week prior to the meeting. If you haven't finalized your travel plans yet, please do so as soon as possible.

## Presenters who haven't registered yet

Not all participants with accepted abstracts for ISEE 2019 have registered as a participant. If you are a presenter and you haven't registered yet, please register as soon as possible. If you do not register before August 10, we will need to remove your abstract(s) from the program. If you plan to come, but for some reason cannot register before August 10, get in touch with us as soon as possible so that we can try to find a solution.

You can register [here](#).

## Detailed program is online!

The detailed program for the meeting with all presentations and meetings is now available on de [website](#). We are still fine-tuning things, but please check it out to learn more about what will be going on the different days.

## Note to ISEE members

The newsletter on the 2019 annual conference is distributed through this service (to those who attended last years' meetings or signed up for the newsletter on the meeting website) and through the ISEE secretariat (to current ISEE members). Cross-posting is inevitable as there is no exchange of email addresses between these two services allowed for privacy reasons.
